

AROUND VILLADIEGO

Discover all different routes around
Villadiego's region and Las Loras
UNESCO Global Geopark

'PEÑA AMAYA'

It's one of the most impressive and important high altitude moorland and it is a perfect example of a hung syncline.

It is a famous natural fortress with strategic importance for population between 10th b.C. and 16th centuries.

BETWEEN 'PEÑA AMAYA' Y 'PEÑA ULAÑA'

Discover 'Fuentes del Odra' geopath and 'The Piscárdanos', a exceptional landscape between this two moorlands.'

The Piscárdanos'

'Fuentes del Odra' geopath

'PEÑA ULAÑA'

'Peña Ulaña' has archeological remains of the Iron Age. It is essential to visit 'Peña Castillo' and 'Portillo del Infierno'.

You can access through 'San Martín de Humada' or 'Ordejón de Abajo'. Choose your option.

Access through 'San Martín de Humada'

Access through 'Ordejón de Arriba'

BETWEEN 'PEÑA ULAÑA' AND 'ÚRBEL DEL CASTILLO'

Visit 'Los Valcárceres', 'Villanueva de Puerta', 'Castro del Perul' or 'Hormicedo', a abandoned village.

ÚRBEL DEL CASTILLO Y LA MESA DE ÚRBEL

'La Mesa' is another hung syncline inside Loras Loras UNESCO Global Geopark which is near 'Úrbel del Castillo'. The main attraction is the tower, but it has a very well conserved walled terrace and cistern's remains.

WHAT YOU HAVE TO VISIT TOO...

Centro de Recepción de Visitantes del Geoparque Las Loras 2.5.0. (Villadiego)

You can learn 'Geoparque Las Loras' history through this building. In the first flat you can find every kind of information about our geopark: culture, nature, paleontology or geology. The second flat is a genuine past trip you'll never forget. Moreover, Villadiego is known as #the6museumstown.

Visit the others museums and discover the relation between 'Peña Amaya', the ethnography or the art we have in our surroundings..
